PROFESSIONAL PROFILE

Social-service practitioner bringing current active-ageing experience, empathetic community engagement, and the structured follow-through developed across technology and finance. Seeking the Assistant Program Facilitator opportunity at 365 Cancer Prevention Society Singapore while learning its specialist care practices.

ROLE-FIT EVIDENCE

Empathetic client support	Engages seniors through proactive outreach, befriending, buddying, and cognitive mentorship.
Purposeful programme delivery	Plans and facilitates active-ageing activities with practical preparation and on-the-ground follow-through.
Disciplined documentation	Brings detailed technical documentation and progress-tracking practice alongside current programme record support.
Multi-stakeholder coordination	Coordinates with community and wellness partners and has recruited specialist volunteer instructors.
Dependable operations	Supports set-up, attendance tracking, materials, schedules, administration, and action follow-up.

EXPERIENCE

Programme Associate

NTUC Health - Active Ageing Centre / Jun 2026 - Present

- Plan and facilitate activities that support seniors' physical, intellectual, emotional, social, and purposeful participation.
- Build rapport through daily engagement and support outreach, centre logistics, attendance records, and programme follow-up.
- Coordinate community partners and volunteers, including onboarding specialist instructors for Arts & Crafts and Drum-Fit sessions.

Software Engineer (Generative AI)

ST Engineering, Singapore / Jan 2019 - Dec 2025

- Delivered enterprise applications through structured analysis, detailed documentation, cross-functional coordination, and clear reporting.
- Developed disciplined approaches to data stewardship, progress tracking, problem-solving, and implementation follow-through.

Director

ABN AMRO Bank, Singapore / 2009 - 2018

- Managed stakeholder relationships, operations, time-sensitive priorities, and new initiatives in a regulated environment.

Vice President

Citibank, Singapore / 2003 - 2009

- Built judgement, accuracy, trust-based communication, and collaborative leadership across complex operations.

Master of Business Administration (MBA)

Nanyang Technological University / 2003 / Dean's Honours List

Bachelor of Science

National University of Singapore / 1994 / Public Service Commission Scholarship

CAPABILITIES

Active listening / Senior engagement / Programme facilitation / Volunteer support / Community outreach / Accurate records / Stakeholder coordination / Reports and presentations / Microsoft Office / Google Workspace

CARE-SUPPORT WORKING METHOD

Listen and understand - build rapport and clarify needs without assumption. **Plan and coordinate** - turn what is understood into clear priorities and next actions. **Connect resources** - work across teams, partners, volunteers, and services. **Record and follow through** - document accurately, track actions, and close the loop. **Learn and improve** - use feedback, observation, and programme data to strengthen support.

MISSION ALIGNMENT

Ready to contribute practical programme preparation to cancer prevention, patient listening and reliable coordination to cancer support, and clear facilitation and documentation to cancer education - with humility about the specialist practices still to be learned.

LANGUAGES

English fluent; Mandarin and Cantonese conversational.
