Hiring Manager
Care Corner Singapore — Active Ageing Centre
Singapore

Re: Application for Associate (Programme), Active Ageing Centre

Dear Hiring Manager,

I am writing to apply for the Associate (Programme) position at your Active Ageing Centre. After two decades in banking and technology, I have made a deliberate transition into social service, and am currently pursuing a Diploma in Social Service while interning at an NTUC Health Active Ageing Centre. Care Corner's mission to build caring, inclusive communities reflects exactly the work to which I have chosen to dedicate the next chapter of my career.

At the NTUC Health AAC, I plan and facilitate daily activities across the five Active Ageing Programme domains — Physical, Intellectual, Emotional, Social, and Vocational. I coordinate with community partners such as NHG, HPB, RN, and ICCP to co-deliver wellness workshops; recruit and onboard specialist volunteer instructors; and support outreach to isolated and vulnerable seniors. I also conceptualised a new in-centre café concept for a membership campaign, preparing the proposal and collateral that secured management buy-in. This hands-on experience has given me a practical understanding of what it takes to run a vibrant centre and engage seniors with warmth and consistency.

My earlier career provides a foundation I believe would serve the role well. As a Director and Vice President in banking, and later as a software engineer, I developed strengths in stakeholder management, operations, documentation, and reporting — capabilities that translate directly to programme coordination, attendance tracking, and centre administration. I am fluent in English and Mandarin, with conversational Cantonese, allowing me to connect with seniors across dialect groups.

I would welcome the opportunity to contribute to Care Corner's Active Ageing Centre and to the seniors it serves. Thank you for considering my application; I would be glad to discuss how my experience and commitment can support your team.

Yours sincerely,

John Tan
