PROFESSIONAL SUMMARY

Purpose-driven professional who has made a **deliberate career transition into social service** — now pursuing a **Diploma in Social Service** while interning hands-on at an **NTUC Health Active Ageing Centre (AAC)**. Plans and delivers senior wellness programmes across all five Active Ageing Programme (AAP) domains — Physical, Intellectual, Emotional, Social, and Vocational — and coordinates volunteers, community partners, and centre operations. Brings two decades of leadership, stakeholder-management, and operational experience from banking and technology, now channelled into building vibrant, inclusive communities where seniors thrive.

CORE COMPETENCIES

Active Ageing Programme (AAP) Delivery | Senior Engagement & Rapport-Building | Community Outreach & Door-Knocking | Support for Isolated / Vulnerable Seniors | Volunteer Recruitment & Coordination | Community-Partner & Stakeholder Engagement | Attendance Records & Activity Reporting | Centre Operations & Logistics | Microsoft Office (Word, Excel, PowerPoint)

RELEVANT EXPERIENCE

Programme Intern (Social Service) — 2026 – Present

NTUC Health — Active Ageing Centre (Bishan) | Singapore

- Planned and facilitated daily senior activities aligned with the **CASHEW** wellness framework, mapping directly to the Active Ageing Programme's **Physical, Intellectual, Emotional, Social, and Vocational** domains.
- Coordinated with community partners and stakeholders — including **NHG, HPB, RN, and ICCP** — to co-deliver localised wellness workshops and outreach for seniors.
- Recruited and onboarded specialist volunteer instructors (Arts & Crafts, Drum-Fit) to diversify and expand the weekly activity calendar.
- Conceptualised a new in-centre café concept for a membership-recruitment campaign — designing the pitch deck and menu collateral that secured management buy-in and strengthened centre outreach.
- Supported day-to-day centre operations, activity set-up, **attendance tracking**, and documentation to ensure accurate records for reporting.

PROFESSIONAL EXPERIENCE — TRANSFERABLE SKILLS

Software Engineer — Jan 2019 – Dec 2025

ST Engineering | Singapore

- Delivered data, analytics, and engineering solutions within a large, structured organisation — translating stakeholder needs into practical tools and reports, directly transferable to programme attendance analytics, activity tracking, and centre reporting.
- Coordinated across cross-functional teams to deliver projects on schedule, applying the planning and follow-through that keep daily centre operations running smoothly.

Banking & Financial Services — 2003 – 2018

Director, ABN AMRO Bank (2009–18) · Vice President, Citibank (2003–09) | Singapore

- Built 15 years of experience across client service, operations, and stakeholder management in fast-paced banking environments — developing the interpersonal warmth, process rigour, and documentation discipline that transfer directly to senior engagement, records-keeping, and reporting.
- Led and collaborated with diverse teams, clients, and partners, strengthening the trust-building and communication skills central to working with seniors, volunteers, and community stakeholders.

EDUCATION & PROFESSIONAL DEVELOPMENT

Diploma in Social Service — Hua Mei Training Academy, Tsao Foundation — **Jan 2025 – Present**

Master of Business Administration (MBA) — NTU · Dean's Honours List — **2003**

Bachelor of Science — National University of Singapore (NUS) · PSC Scholarship — **1994**
